

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: January 25, 1996

SUBJECT: **SB 2192 - HB 2260**

This bill, if enacted, will allow any person who has served as a county commissioner for 25 years or more, either consecutively or intermittently, during a time when the county did not cover its county commissioners to establish certain service in the retirement system and immediately begin drawing retirement benefits based upon the service.

The fiscal impact on local governments from enactment of this bill in and of itself is estimated to be minimal since the provisions of the bill are permissive.

The fiscal impact on local governments is estimated to be an increase in expenditures to the extent local governing bodies authorize persons to establish service in the retirement system. An estimate of the increase cannot be determined but is estimated to exceed \$100,000 if several local governments allow such persons to establish the service.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
